AB Dynamics wins Wiltshire Business Awards

AB Dynamics plc (AIM: ABDP), the designer, manufacturer and supplier of advanced testing systems and measurement products to the global automotive industry, is proud to announce that it won both the Medium Sized Enterprise of the Year award and the Overall Excellence Award at the recent Wiltshire Business Awards 2014 held on 18 April 2015.

The judges commented that the Company was continually growing and "stands toe-to-toe with its global competitors, servicing some of the world's largest automotive business".

"Under the stewardship of its founder, Anthony Best and its forward thinking managing director Tim Rogers, its past is impressive: its future is bright."

The Company's achievements include designing and manufacturing of the renowned Suspension Parameter measurement Machine (SPMM), while ABD was also an early pioneer of the use of an inertial GPS motion pack to control the path of a vehicle.

The seven other categories - which gained automatic entry for the Overall Excellence Award - included Business Person of the Year, Apprenticeship Employer, Customer and Staff Care, Medium Size Enterprise, Environmental, Small Business of the Year and Services to the Community.

Tim Rogers, Managing Director of AB Dynamics said:

"We are delighted to have won two awards including the Overall Excellence Award. AB Dynamics has been developing products for over 30 years in Bradford on Avon and this local recognition underlined by the Wiltshire Business Awards is as important to us as international recognition, with every major car company in the world using our products. All credit goes to our first class and innovative team and it is fitting for them to get the accolades they deserve."
