**Trading Update and Notice of Interim Results**

AB Dynamics plc (AIM: ABDP) the designer, manufacturer and supplier of advanced testing systems and measurement products to the global automotive industry, is pleased to provide a trading update in advance of announcing its Interim Results for the six months ended 28 February 2017.

Revenues and operating profits (adjusted to add back share option charges) for the six months to 28 February 2017 are expected to be ahead of the same period last year and in line with management expectations.

The Company has seen an increase in demand for its track testing products and together with its forward order book has secured a sales pipeline for the remainder of this financial year and well into the next. Looking ahead, the Company continues to invest and develop new products and technologies which will secure the Company's future. The new HQ build is also on track for completion at the end of the summer.

**Tim Rogers, CEO, commented:** "We have once again delivered excellent performance with a good pipeline of orders to take us into the next financial year. Our new HQ will enable us to reorganise our production and facilitate further growth."

**Notice of Results**
